

NEW PRODUCT RELEASE

Cruiser Accessory Switch Block

For Immediate Release – Show Chrome Accessories® has added a new cruiser accessories switch. Handsomely constructed from cast aluminum and finished in their high luster chrome, the accessory switch block adds a custom look to any cruiser. The easy to use push button switches have red LED's indicating when your accessories are on. The Accessory Switch Block can be mounted directly to 1" handlebars on either the left or right side for convenience. This is an ideal switch for Show Chrome Accessories® light bars and lighting accessories.

Part Number – 13-207
