

**BIG BIKE PARTS®**

# NEW PRODUCT RELEASE

## Heated Grips

**Rice Lake, WI** – Do your hands get cramped after a long ride? Do you start out on a morning ride with chilly hands? Why not eliminate both problems with one solution! Big Bike Parts Comfort Grips are unparalleled in their custom curved rubber design that matches the shape of your palm to provide a true comfortable grip. Big Bike Parts has gone the next step by embedding heating coils inside these comfort grips to provide the ultimate set of grips. A multiple position rheostat provides a little heat on early summer mornings, to very high heat for those sub-freezing mornings in the winter. No one does it better, nor covers Harley to Yamaha like Big Bike Parts. Their latest addition is a pair of Comfort Heated Grips for the Honda GL1800 that does not already have the OEM Comfort Package.

**Part Number 17-380**

**Suggested List \$129.95**

Issue # 30
